[Since 16 is the only numbered A. we have attempted to match the remaining As to the Qs]

AR – I will take 1914 to 1919 but first I must give a message from a spirit who has been very persistent for some time – I do not know anything about her – She calls herself Anne Hyde Duchess of Ormonde and gives you both her dear love

AR

1681 married James – now I will try and send her away

yes

now give me 1914

died in childbirth

please have all other in hand

1. What do you deduce peace for England from.

1. There is not much to say because it is so plain in looking at the figures

2. Can you make time measure from this figure.

2. Martial – Stars at 22 – in [Cancer Gemini Leo] with [Mars Moon Saturn] & so on – now 1916

3. How do you arrive at July & August

3. in 1917 no planets in [Gemini] only [Capricorn] & in leo – now 1918

4. What is especial significance in the matter of 22.

4. [Gemini Jupiter Venus] [?coming] to 22 peace for England – [Moon] & Pollux Germany France &

Italy

famines etc

1919 announce peace

5. What do you deduce from phases where [Uranus] & [Venus] are?  
 5. now detail is impossible unless you question  
 no planets or fixed stars of evil nature in [Aries] or [Gemini Venus Jupiter] approaching 22 in  
 [Gemini] [?] of London
6. Surely some great sign of Russian troubles  
 6. [Venus conjunct Mars] Russia  
 nothing
7. Do [you] think peace will be political?  
 7. Attempted political peace frustrated by Antares but [Jupiter] follows [?Virgo] soon
- [363]
8. Why do you judge political?  
 8. it transits over the place of [Mercury]  
 July & August
9. You say peace for England—do you see reason for connecting other countries with the peace besides  
 of course Germany.
9. I cant tell you but for one thing  
 [Jupiter] transits 22 in July  
 temptation through strength means *war*
10. Do you mean advance towards peace or an attack?  
 10. war at 22 – civil war 8
11. What do [you] deduce from Castor & Pollux with [Moon] at 24  
 11. This is not the significant figure for Russia – give me 1917 & 1916  
 1916 [Uranus] exactly at eleven
12. any significance in 24  
 12. now 1917  
 Italy came into war with entry of [?] leo neptune

[Uranus] passing through [?] degrees

all phases 1 to 15 internal & civil war – all phases 15 – 28 war of military

This is very difficult – you had better question on another subject & I will work this in later

14. Why phase 12?

14. *political*

because there is no [Mars] element – only [Jupiter Mercury Saturn Venus Neptune]

Germany will make advance in March

15. Why do [you] select March as date of advance?

15. neither she nor France & Italy will be able to go on after

no on front – peace offer about June

immense military effort very [Mars] stars

final ambition of military party – after no success the

people will lose faith & compel peace

Restoration of [C]zar

Hero

because the [Moon] etc at 0 – Castor & Pollux

[364]

16. What is the time law?

16. There is only that of an exact aspect of a fixed star to either a planet or the ruling degree of a [?town]

17. Do you mean exact aspect instant event.

17. Yes

18. What made you say Germany France Italy couldnt go on after March.

18. [?Neptune] & [Saturn] in leo – famine & poverty

19. Where do [you] get "advance"?

19. [Moon] & C[astor] & P[ollux] I explained

20. Did you mean a success by "advance"?

20. I desire to go on progress effort expansion etc

I said before no success

21. Do you find anything in figures to indicate nature of peace?

21. Draw

22. Why do you say "Draw"
